2. [redacted] Spencer Beresford, House Science and Astronautics Committee, telephoned and referred to the publication of his article on the law of the U-2 incident which is being published in the forthcoming issue of the Journal of Air Law and Commerce. He advised that John Cooper will have an article on this same subject in the following issue. Beresford plans to review a draft of Cooper's article if this is possible. (Pat Gray recently retired Navy Captain was the Military Advisor to Secretary Gates and General Twining.)

3. [redacted] Mr. Warner and [redacted] met with Air Force representatives to determine if possible Air Force willingness to foster changes in the Missing Persons Act indicated by problems arising in the cold war. Preliminary studies will be necessary by Air Force JAG and Personnel before further discussion on the matter. (See Memorandum for the Record dated 27 October 1960)
